Alexandra Vandevyvere – Circular Flanders
Circular Economy Office (CEO) Project (2023-2026)

GOAL? To accelerate the transition of the office furniture sector towards a circular, innovative, cost-effective, and resource-efficient economy through transnational collaboration. By scaling up, improving legal frameworks, and introducing modularity and adaptability in product design, the project seeks to extend the lifespan of products and reduce waste.

WHO? CEO brings together 13 partners from 6 countries.

HOW? Execution of 7 pilots will test various aspects of the systemic approach to circular office furniture. These may include procurement, skills and training, new work principles, digital tools, circular textiles, office setup, and circular business models.

Circular Procurement as a Lever for the Transition to a Circular Economy
GOALS AND STRATEGIES FOR
CIRCULAR PURCHASERS
ProCirc project (2019-2023)

GOAL? Within ProCirc, knowledge is shared on how we can use public procurement to promote the transition from a linear economy to a circular economy. The aim is to promote the development and adoption of a common framework for circular procurement.

WHO? 11 partners from six countries and focuses on various sectors: construction, furniture, ICT, and textiles.

HOW? Knowledge sharing, the implementation of over 30 pilot projects, the establishment of more than 18 Communities of Practice, monitoring activities, the development of a framework, manuals, and the collection of tools.
